---

Supports up to 12 units in parallel (6KVA model) (Battery must be connected). Support parameters setting via LCD screen (input voltage/charging current/charge mode).

o High PV input voltage range o Detachable LCD control module with multiple communications o Selectable high power charging current o Built-in Wi-Fi for mobile monitoring (Android/IOS App ...

The 6KW hybrid inverter is not only equipped with a 120A MPPT solar charger but also features 12VDC & dual AC outputs, user-programmable RGB lighting, built-in intelligent BMS, etc.

The Felicity 6KVA 48V High Frequency Hybrid Inverter (6KW) is a compact, efficient single-phase inverter for residential solar systems. With built-in 7500W MPPT supporting 100-500V PV input, it ...

Integrates MPPT solar charge controller, high-frequency pure sine wave inverter, and UPS, ideal for off-grid backup, self-consumption, and hybrid solar-grid use. High-frequency design reduces size and ...

1) The 48V 6kVA Telecom Inverter series is an intelligent dedicated inverter power supply, using intelligent microcomputer control technology, advanced control ...

125VDC to 120VAC High Frequency Rack-Mount Inverter 0.5~6kVA adapt to telecom systems with 125VDC power supply, adopting high efficiency SPWM inversion technology.

Key Features High Yields - More powerful with 8000W solar input - 2 times peak power ability - Output power factor up to 1.0

The Gennex Axpert 6kva hybrid Inverter is manufactured with the most recent technologies. This makes it possess better durability and is easy to use for on/off-grid installations.

## 6kva high frequency communication inverter

Enjoy efficient charging with a max AC charge current of 80A and seamless communication with RS485/CAN for BMS connectivity. This inverter supports parallel operation of up to 6 units, optional ...
