U.S. President Donald Trump on Friday raised the prospect of a "friendly takeover" of Cuba, telling reporters at the White House that Secretary of State Marco Rubio was dealing with the ...

Cuba, country of the West Indies, the largest island of the archipelago, and one of the more-influential states of the Caribbean region. A multicultural, largely urban nation, it has been ruled ...

Through military action in Venezuela and threats of tariffs on Mexico, the Trump administration has shut off the flow of oil to Cuba, attempting to strong-arm the communist-run island ...

Cuba was the first communist republic in the Western Hemisphere. It has a centrally planned economy that depends on the export of sugar and, to a much lesser extent, tobacco and nickel.

Cuba's official travel and tourist information web site. Everything about vacation in Cuba. Find inspiration and guides for your next trip to Cuba.

President Donald Trump says the United States is talking with Cuba and raised the possibility of a "friendly takeover" of the island without explaining what that means.

Read the latest Cuba news including local and breaking politics, Havana, the Castro regime, US policy, travel and the Cuban expatriate community.

In the years following its independence, the Cuban republic saw significant economic development, but also political corruption and a succession of despotic leaders, culminating in the overthrow of the ...

With an area of more than 44,000 square miles (114,447 sq. km.), Cuba is the largest island in the West Indies, accounting for more than one-half of the total Caribbean land mass. The ...
