From battery cell development to complete energy storage systems, Austrocell provides end-to-end battery solutions. Our energy storage technology supports grid-scale applications, microgrids, and ...

Statkraft, the largest producer of renewable energy in Europe, has launched Ireland's first ever four-hour grid-scale Battery Energy Storage System beside its windfarm at Cushaling in Co...

Experts across the sector agreed that energy storage will be crucial for balancing the increasing share of renewable energy on the grid while ...

As renewables like wind and solar increase their share of generation, the need for flexible storage assets grows ever more urgent. The business case for utility-scale batteries in Ireland remains in a formative ...

FuturEnergy Ireland, a joint venture between Coillte and ESB, has been granted planning permission to build Europe's first iron-air battery facility, a ...

Energy storage systems are vital to Ireland's renewable ambitions. Learn how batteries, long-duration storage and grid upgrades will help deliver clean power

Energy Storage Ireland is a representative association of public and private sector organisations who are interested and active in the development of energy ...

We currently have more than 300MWs of battery storage capacity in operation in Ireland, making it one of the largest battery portfolios in Europe. We plan to develop a pipeline of large scale battery ...

From making the most of your surplus solar energy to storing cheap, night-rate electricity, our guide to home storage batteries asks if they're worth it ...

Discover how solar battery storage can cut your electricity bills, boost energy independence, and support a
