This research conducts a comprehensive examination of foundational microgrid systems through three diverse case studies, emphasizing small-scale microgrids with varying energy sources ...

This report features 26 microgrid case studies from California, North America, and other countries that make innovative business cases and rely on government support for less than 50 percent ...

This paper provides a comprehensive evaluation of expressway microgrids from the perspective of transportation and energy ...

Research-based microgrid systems for sustainable green applications are assessed. An integrated MADM modeling approach is proposed to address the underlying ...

This paper proposes an evaluation index system and comprehensive evaluation method suitable for highway microgrid construction, and takes a practical highway micro- grid project as an ...

Yao, Lei, Fu, Hao, Shao, Ming, Yu, Zuyao (2024) Highway Microgrid Project Evaluation under Energy Transportation Integration. Applied Sciences, 14 (7) 2707 doi:10. ...

The Net-Zero Microgrid Program provides cross-cutting research to accelerate the use of renewable and zero-carbon generation in microgrids.

This final project report presents the results of the development, installation, and deployment of a microgrid system and controller at the Kaiser Permanente hospital in Richmond, California.

This report covers the networked microgrid program efforts which were led by the Pacific Northwest National Laboratory (PNNL) in fiscal year (FY) 18 and 19 as part of the DOE ...
