I'm leaning towards Polyair (i.e: the Airlift branded ones from Amazon US at \$160 plus postage) as I've seen a good thread on this forum that shows me exactly how to install them myself.

Does anyone have any comments experience with the Firestone brand (Airbag Man) vs the Polyair bags? My local 4wd shop has quoted \$445 fitted for Polyairs and \$520 fitted for Firestone. He ...

Had Polyair bags put in the rear coil springs of my 2015 NX Pajero. They have improved the level of ride especially when cornering with less roll ...

However, I was at a trade stall yesterday and saw the Polyair ones. Discussing with the rep and asked about sleeves and his comment was, &quot;polyair don't use them because their bags are ...

I had a coil snap at one time and it rode along on the collapsed spring and the airbag without puncturing it and with just a slight rub mark. I'd guess that this had happened about a few ...

Thor airbag suspension kits are available for most popular utes, vans & 4wd's. With more rubber compound and less pvc our airbags are more supple with less ...

Airbag Man have many individually designed & manufactured airbag kits to suit vehicles with leaf springs, coil springs, struts & kits that completely replace the ...

Air bags don't transfer weight to front wheels as a distribution hitch does. Air bags carry the load in the vehicle and d/hitch transfers weight from the ...

Jacob from Airbag Man explaining Airbag Suspension operating heights & maximum pressures, this applies to all Airbag Man leaf helper & full ...

Airbag Man have Air Suspension Kits for Coil Springs, Leaf Springs & Full Coil Replacement applications to

## Polyair vs airbag man

provide optimum ride quality, levelling control & full height adjustment ...
