---

The 40ft container doubles the capacity to 2.4MWh, supports parallel expansion of multiple containers, and is ideal for large-scale scenarios such as grid-side peak shaving stations and large PV/wind ...

Pre-assembled and rigorously tested before delivery, this containerized ESS enables rapid deployment and reduces on-site installation efforts. It seamlessly ...

Ideal for temporary power, remote locations, or emergency backup, these all-in-one solutions combine high-efficiency solar generation with integrated storage for rapid deployment in construction, events, ...

With our pre-configured solar container unit, you can get going quickly, and the folding solar panels for containers can be deployed in less than three hours. Go ...

It is a high-safety, high-reliability, and standardized air-cooling energy storage container. The standardized design allows for shortening the delivery time.
