Spain stores nuclear waste at the reactor sites for ten years with no reprocessing. Plans for future storage include a temporary storage facility in Trillo, until the establishment of a longer-term storage facility. Funding for nuclear waste management is paid by a tax of 1% on all revenues from nuclear power. As of 2017 Spain has extended the life of the Almaraz Nuclear Power Plant and a nuclear storage facility will be built according to the Spanish secretary of State for the EU Jorge Toledo Albi&#241;ana, stating wor...
