-----

Summary: Explore how the Kampala Energy Storage Industrial Project addresses Uganda's energy challenges through cutting-edge battery storage solutions. Learn about its applications in renewable ...

The Government of Uganda has officially issued a Gazetted Policy Direction authorizing the development of a 100 MW solar photovoltaic power plant integrated with 250 MWh of battery ...

Residential Storage Systems and office systems to help you reduce and cut down your power bills at the same time giving your home or office uninterrupted power supply. Our energy systems provide ...

The project focuses on constructing LPG storage tanks, handling and cylinder filling equipment, and infrastructure aligned with the broader facilities at Kabalega Industrial Park a site ...

Modular cold and freezer rooms that are fast to deploy, energy efficient, and designed for African operating conditions. We engineer high-performance cold storage solutions that help Uganda's key ...

This strategic partnership, formally signed at UNOC's head office in Kampala today, is set to revolutionise Uganda's domestic energy landscape by ...

As Uganda's first diversified lithium battery production company, we provide world-class stationary energy storage and e-mobility solutions designed for performance, safety, and reliability for people, ...

The 100 MWp solar photovoltaic (PV) power plant integrated with a 250 MWh battery energy storage system (BESS) project will be delivered by ...

Uganda's energy storage sector faces unique hurdles despite its growing renewable energy potential. This article explores why the country ranks low in global energy storage adoption, analyzes industry ...
