One I've heard recently is that you can't leave solar panels in the sun without them connected to a CC or some load. The rumor is that it will damage the panels ...

What Happens to The Solar Panels
Is It OK to Let The Solar Panels Get Hot?
Is It OK to Leave A Solar Panel Disconnected?
Is It Necessary to Unplug Solar Panels?
What Happens to Excess Solar Power generated?
Should I Cover Solar Panels When Not in use?
Conclusion
Yes, solar panels can be disconnected without damaging any components. However you need to keep the following in mind before unplugging the panels. Do not unplug the solar panels during daytime. Wait until it is evening just to be safe. The panels will always have power when the sun is out, so wait for nightfall to disconnect the system. The larger...
